

FREE  **BarberTalk Online training**

now available to barbers and

hair professionals in Wales & the Borders

In partnership with **xxxxxxx xxxxxx xxxxx**, we're delighted to offer a new virtual training session of our **BarberTalk Live course**, for **FREE**. We have created a bespoke online training course called **BarberTalk Online** to equip hair professionals with the skills to help their clients when in need.

You're more than just a barber or hairdresser

These last few months have been incredibly challenging for all of us. We've all been having our own range of emotions and if you've been feeling it, so have your clients. Now more than ever your clients may want to share their experiences and our BarberTalk training can help you prepare for those conversations. You're more than just a barber or a hairdresser. You're a safe space for someone to feel some support and kindness. This is an opportunity for you to make a difference to someone's life.

Please note that this training is only available to those based in Wales and the Borders.

What will you learn from BarberTalk Online training?

BarberTalk is an in-depth session that builds on the four pillars of our training to equip you with the skills to help your clients to better mental wellbeing.

BarberTalk Online training will:
